Premier Athletes

Raising the Standard In Real-Estate

Jerry Azumah, Co-Founder

We Do It All, And Then Some...

Premier Athletes distinguishes itself as Chicago's only 'luxury real estate concierge' dedicated to the Chicago Athlete, Coach and Sports Executive. Premier Athletes is a world apart from traditional real estate companies because we specialize in providing Chicago Sports Professionals with 360 degrees of service. Our exclusive inventory of properties includes short and long-term rentals, both furnished and unfurnished. We can assist in purchasing your dream home or list your current residence in the city or suburbs. Our access to the top high-end residences distinguishes our service from other real estate brokers. Premier Athletes does it all.

Offering world-class amenities and multiple real estate options, no one is better prepared to get you up to speed as quickly and seamlessly as Premier Athletes.

Premier Athletes is the obvious choice for transitioning Chicago Athletes, Coaches and Sports Executives, because we're the only company that focuses exclusively on the needs of those in the sports industry. Led by former Chicago Bear and All-Pro, Jerry Azumah, and Chicago luxury real-estate veteran, Susan Miner, founder of parent company Premier Relocation, we know what an athlete, coach or sports executive is looking for in a move, because we've been there ourselves.

Privacy, confidentiality, quick commutes to and from practice and 'white glove' amenities – Premier Athletes is driven by making it easy for you to excel in your new job. With Premier Athletes, you'll never have to worry about the details of a move. Our goal is for you to focus on the priorities... the team.

Susan Miner, Founder

My first day out I found exactly what I was looking for. PA keyed in on four properties - each one better than the next. By the last house it was a done deal... it was more than what I had envisioned.

That's what sets PA apart from the competition - their ability to not only focus on what you say you want, but to know what you need, before you do yourself. Then add their concierge service - groceries delivered weekly, cleaning service - whatever you need... They've got you covered.
